

#Our Day – Learning and School Improvement

Working with schools to ensure that all of our pupils receive the best possible education.

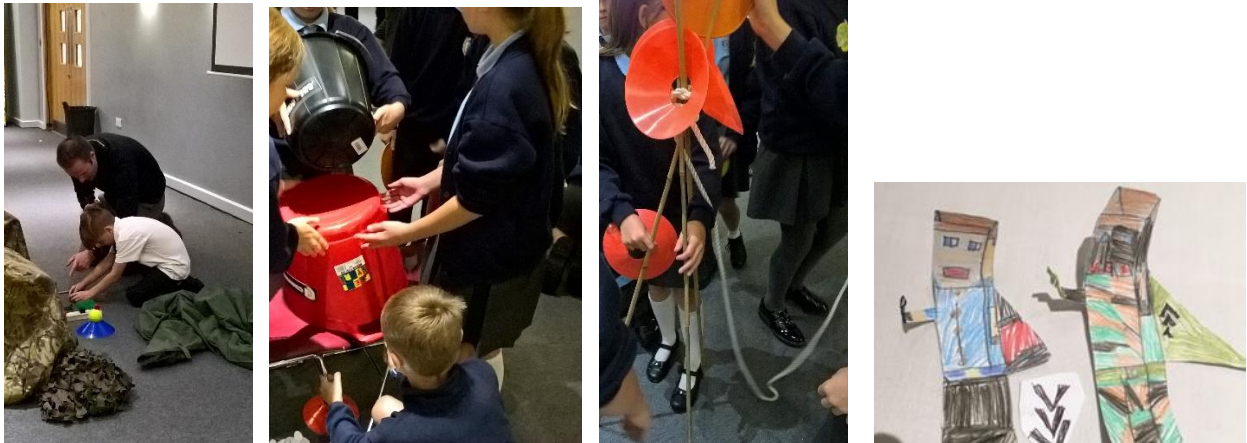

Oxfordshire Service Pupil Conference 2019 - Celebrating Service Children

On 27th September the LA and the Military Partnership held a conference to bring KS2 and KS3 Service children from across Oxfordshire together. Schools with Service pupils and families were invited to bring up to 10 pupils to the conference

Uptake was fantastic and on the day 140 pupils, along with their teachers, came together to celebrate their unique journey within Oxfordshire schools and to have a voice as to how they are supported and how this support might be improved.

Pupils and teachers heard from Professor Alison Baverstock, SkillForce and Reading Force and problem-solving activities lead by Commando Joes made sure that everyone had lots of fun during the day too!

Two weeks later, heads and teachers from schools came together again to look at how we build on what was learned from the pupils' conference. Case studies from schools with Service pupils were shared and we explored creating an Oxfordshire promise for Service Pupils, using books to bring Forces children and families closer together, the Armed Forces Covenant and the impact of deployment and separation.

The conferences were such a success that they are going to be an annual event!
