

Qualification Allowance for Teaching Assistants

The entitlement to the qualification allowance is for Teaching Assistants on Grade 4 (Grade 6 in special schools) who have an accepted and relevant qualification as listed below; anything else is at the discretion of the school, who must be consistent in their agreements. The qualification has to be a Level 3 NVQ, Level 3 CACHE or equivalent, or qualified teacher status. Level 2 is not good enough.

It is a school cost and there is no additional central contribution. Payment only goes back to the start of the financial year when claimed or to the date of obtaining the qualification, whichever is the later.

The qualification allowance as at 1st April 2022 is £1011.48 pa (pro-rata for part-time) and increases each year in line with the pay award for support staff.

The following qualifications are acceptable plus any qualification equivalent to NVQ and CACHE level 3 and considered relevant to the post by the school:

1. Qualified School Teacher Status
2. NNEB Certificate and equivalent qualifications
3. City & Guilds Learning Support (No grade mentioned)
4. City & Guilds Level 3 Certificate in Learning Support
