FREE

13 – 29 January 2026 – various locations see page 2

We warmly invite you to an education-themed event showcasing the work of your local Engagement Team and exploring how they can work with you to inspire and educate young people about the British Army, its values, and the wide range of opportunities it offers, through a range of activities.

In the last year we delivered direct engagement activities to over 15,000 participants encouraging young people, to be involved & inspired to be there best.

Our purpose: Join us for an education focused event designed for professionals like you. This is a unique opportunity to gain valuable insights into how the Army can support education settings, inspire young people, and provide resources to enhance learning and development. Network with like-minded professionals, explore engaging activities, and discover how we can work together to empower the next generation. Don't miss out—be part of this exciting and informative experience!
