

A message to children and young people we care for.

WE ARE ON YOUR SIDE

Oxfordshire Virtual School is not a building. We are a team who helps make sure education works for you. We work with you, your school or college, carers, social workers and other adults.

WHAT THIS CAN LOOK LIKE

One young person had been out of formal education for years. With daily tuition, specialist advice and a carefully planned return, they re-engaged with learning and secured a supportive school place.

When education is hard, it is not your fault.
We work through it together.

YOUR PROGRESS. YOUR VOICE. YOUR FUTURE.

Looking After Learning

YOU SAID WE LISTENED

YOU SAID:

"Help us feel safe
and included."

We trained more than
480 adults in relational
and trauma-informed
ways of working.

YOU SAID:

"Please really
listen to us."

Your views shaped PEPs
and service decisions.
Young people also
helped interview new
Virtual School leaders.

YOU SAID:

"Help us think
about our future."

We supported visits,
qualifications, college
and work plans, and
routes into university.
